

Government Plug-In Vehicle Grant

The Government Plug-In Vehicle grant is not exclusive to Stellantis and is provided by the Government. The following Peugeot vehicles are eligible for the Government Plug-In Vehicle Grant:

For the £2,500 government grant:

Peugeot e-Partner

For the £5,000 government grant:

Peugeot e-Expert

It is the responsibility of the Retailer to verify that the customer qualifies for the government grant and your retailer will apply for the grant. It will be automatically deducted from the manufacturer's recommended retail price of the vehicle.

You can view the eligibility criteria here: <https://www.gov.uk/plug-in-car-van-grants>

£2,500 Stellantis eLCV Grant

Stellantis e-LCV Grant - Peugeot

Stellantis Peugeot e-LCV Grant saves £2,500 from the manufacturer's recommended retail price of a Peugeot e-Partner or Peugeot e-Expert (all variants apply). Offer applies to qualifying new vehicles ordered from available stock between 02/10/2023 and 31/03/2024. Participating retailers only. Peugeot Motor Company PLC reserves the right to change, amend or withdraw this offer at any point. Offer correct at time of publication. Retail sales, B2C, SME only.

Octopus Electroverse Charge Credit

Stellantis has partnered with Octopus Energy to provide customers purchasing a Peugeot e-Partner or Peugeot e-Expert (all variants apply) with £400 charge credit on an Octopus Electroverse Card.

Your card will be provided to you by your retailer. You must activate your Octopus Electroverse account following the instructions provided to you to claim your £400 free credit. Upon successful validation, Octopus Energy will credit your account with £400 charge mileage credit. Based on the average Octopus Electroverse network charging costs at £0.51ppkWh, using fast charge ports, users could see up to 2,500 miles charge credit. Total miles are an estimation based on average driving conditions internal and external of the vehicle, and the charge-point speeds used for recharging.

For more information, please see <https://electroverse.octopus.energy/legal/terms>.

Offer available between 02/10/2023 and 31/03/2024.

Free wall box

Stellantis has partnered with Octopus Energy to supply and install a free standard wall box up to £999 for all customers purchasing a Peugeot e-Partner or Peugeot e-Expert (all variants apply).

Your retailer will tell you how you can take advantage of this offer. If you are eligible for this offer, you will receive one of the following:

Transport for London (TfL) Scrappage Scheme – subject to applicable businesses.

ULEZ van and minibus scrappage scheme terms and conditions (effective from 21 August 2023) is provided by TfL. The terms and conditions are between TfL and you. TfL reserves the right to make changes to this Agreement from time to time.

Your eligibility for the Scheme is subject to initial eligibility checks, which are set by TfL. One of the eligibility criteria is that you must be a resident in London or have a place of business in London for which the vehicle is used.

The total available funding may increase and decrease at the discretion of TfL. TfL at its sole discretion may review the operation of the Scheme and make changes as it deems necessary.

For more information, see <https://tfl.gov.uk/corporate/terms-and-conditions/scrappage-scheme>
